EXPERT Travel Planner™

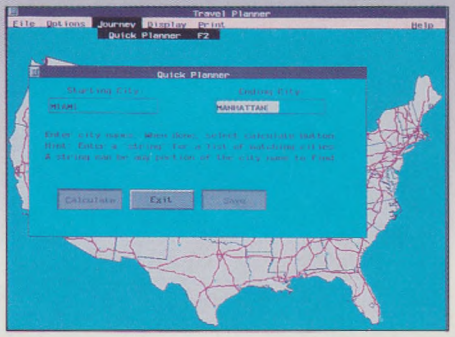
Plan Your Trip With a Computerized Road Atlas.



Now you can save time and money, and have fun doing it on your PC: Expert Travel Planner is the ideal trip planning program. Its fully graphical interface lets you choose your destinations with either mouse or keyboard. All your information and controls appear in easy to understand windows and buttons. You can even display a series of roads on screen and have the program identify your route in a special highlight color.

Simply choose the starting point and destination. You may even specify intermediate stops. Expert Travel Planner will find the best route, show you the map, and print a detailed itinerary with driving instructions, road names, directions for each leg of the trip. Expert Travel Planner also has a built in database of tourist information, hotel and car rental phone numbers and more. The easy to use graphical interface makes thumbing through the travel information fun! With Expert Travel Planner, getting there is half the fun!

PUBLISHER'S EXPERT software CHOICE

Finding Your Way

- Simply select your starting and destination points by typing the cities or selecting from a list.
- Over 2000 strategically placed cities and junctions insure you'll find the best route.
- Optionally set preferences for speed, shortest and quickest routes.
- View your route on screen.
- Prints detailed travel directions, segment by segment.
- Prints maps with highways.

Travel Information On-Line

- Enjoy browsing through interesting information for over 1000 cities. Includes sights to see, activities and more.
- Useful phone numbers for hotels and car rentals, local tourism boards and more.

Easy to Use and Fun

- Fully graphical; information appears in scrolling windows, with push-button controls and pulldown menus.
- Wealth of tourism information makes it ideal for armchair travelers.

System Requirements: MS or PC DOS 3.0 or higher, 640K RAM. VGA graphics adapter. Hard drive. Printers: Epson, IBM ProPrinter, HP LaserJet series II or compatible. Microsoft compatible mouse on COM1 optional.
